Alliance

Surgicals & Instruments

Quality is Reward of Hardwork

Introduction

Alliance Surgicals is an established manufacture of surgical instruments. With our wide range we cover Instruments for surgeries from head to toe.

We present our catalogue detailing our range of instrumentation for Orthopaedic Surgery.

These specialist Instruments are manufactured to the highest possible standards with the most modern processes and technology.

HAND RETRACTOR

Tuppers Hand Retractor Set
Complete Set with container

HFAS 100/110

Tuppers Universal Hand Holder and Retractor Set enables the surgeon to fixate the hand in any position needed. The patient's hand is held absolutely firm and allows unhindered work under the microscope. Ball chains of varying length with skin or tendon hooks fixate the hand and lower arm on the Hand Holder. Due to the slots around the Hand Holder, retraction in every direction is possible. Upward retraction is easily achieved with the elevated chain holders. The special container is designed for easy handling and safe storage.

Set consisting of the following instruments:

Qty	Order Code	Description
1	TH-101	Hand Table
2	TH-102	Elevated chain holders
2	TH-103	Chain holder hooks
2	TH-104	Ballchains 32cm,withskin-hooks
4	TH-105	Ballchains 21cm,withskin-hooks
2	TH-106	Ballchains 26cm,forarmandwristfixation
4	TH-107	Tendon hooks 5.0mmwide
4	TH-108	Sliding hooks fortherubberbands
1	TH-109	Set rubber bands 5 pieces

Meyer Nerve/Tendon Holding & Trimming Instrument Set

NHS -1

Set of Six Forceps with Container and Blade Holders.
CBS - 35 Box of Blades to fit Meyer Set.

Set consisting of the following instruments:

Qty	OrderCode	Description
1	SHF-2.0	Holding Forceps
1	SHF-3.0	Holding Forceps
1	SHF-4.0	Holding Forceps
1	SHF-5.0	Holding Forceps
1	SHF-6.0	Holding Forceps
1	SHF-7.0	Holding Forceps
1	SHF-12	Bladeholder
1	HFN-913	Sterilization Box

BHS-12
Blade Holder

Sterile Blades
• Box of 12
straight blades

HFS-35

This set was developed to allow the surgeon to hold securely and trim the nerve ends with the correct size holding forceps avoiding trauma to the nerve. There is minimal loss of nerve end with this technique.

ACLAND MICRO VESSEL CLAMPS

- Light and compact design
- Extremely durable
- A unique gripping surface
- Smooth sliding bar action
- on all approximator clamps
- Clamp profile with parallel sided jaws
- Matt or black finish

"A" or "V" Pattern?

Throughout the series, the "V" pattern is the all-purpose clamp, commonly used on all veins, and almost all arteries. The "A" pattern, available in all sizes, is designed for exceptionally thick-walled vessels and slippery arteries. The slight incurve of the tips of the "A" pattern jaw provides extra security against slippage.

VISIBILITY BACKGROUND MATERIAL

TO ASSIST IN VISUALISING MICRO VESSELS DURING SURGERY

Application: For use in Micro Surgical Anastomosis of Micro Vessels under a Microscope to allow the surgeon to better visualize the detail of the vessels, being closed.

The Visibility Material can be used either with the Grid side up to give the Surgeon a scale of the vessel alternatively the reverse Plain side can also be used.

The material has a non reflective surface eliminating distractions from theatre lighting and has a non-tacky finish to aid mobilization of the Vessel.

1mm Grid one side & matt finish on reverse. Size: 50mm x 25mm

Quality is Reward of Hardwork

WHO WE ARE

For the last 18 years, Alliance Surgical & Instruments customers have benefited from our outstanding industry knowledge and our ability to consistently provide high-quality specialized surgical instruments. Our Instrument Experts bring years of industrial experience to every customer interaction and fort constantly strive to meet our primary goal of -100% customer satisfaction.

Known for providing unsurpassed overall value, the instruments we sell are backed by a surgeon satisfaction guarantee. We will only provide you with a variety of quality instruments that will match your required specifications and deliver an equal- or superior-quality instrument with substantially more value and 99% of our customers report - surgeon satisfaction

Our extensive knowledge comes from 18 years of industrial experience. And we will only provide you with a quote on instruments that match your instrumental specifications and deliver an equal or superior quality instrument with substantially more value
